Meeting brought to order at 5:37

Meeting location has been moved but it is still at the school and will remain on Monday nights, room B2 was suggested by school authorities.

There was a brief rundown of Booster Club expenses and profit! I would say that on the average, by providing refreshments at home sporting events, the booster club is making approximately \$50.00 a game!

Thank you so much to everyone for helping with the donations of time and snacks!!!

We have been contacted by PROM with a draft listing of shifts payable to the Booster Club. A few corrections have been made and the list has been resubmitted!

The volleyball team was provided with their pizza treat at an away game last week and I believe the track team is having pizza October 6th on their way home!

A sign up sheet was circulated at the meeting for volunteers at the booth for Fall Show! October 16th thru 18th, Friday thru Sunday, 11-5,! If you were unable to attend the meeting you may still sign up by contacting anyone via email!!!!

We have secured a \$50.00 gift certificate from Cirellis to help with the cost of buying supplies for the strawberry shortcake sale!!!! We will also be selling some candy items and water. We have received a few donations of items to be raffled off . We are working on getting approval for all the possible items to be raffled! Any suggestions and donations are welcome!

A Tent, Tables (3)and a cooler (large) will be loaned to the Booster Club for use at the Fall Show and brought to the school on Friday mid morning!

Supplies for the booth will be picked up next week!
